

Current Diagnosis Treatment of Sexually Transmitted Diseases

By Jeffrey Klausner

McGraw-Hill Medical Publishing. Paperback. Book Condition: New. Paperback. 400 pages. Dimensions: 9.1in. x 7.3in. x 0.6in. Get problem-oriented and disease-specific guidance in treating STDs in one quick-access source. Featuring the trusted, practical format of the CURRENT series, this authoritative, quick-access guide delivers a top-to-bottom overview of STDs commonly encountered in clinical practice. The book begins with an insightful introduction to the field that emphasizes the patient-doctor relationship, and then explores clinical problems with STDs in terms of diagnostic, management, and treatment considerations. Features A-to-Z, up-to-the-minute coverage of common STDs filled with crucial point-of-care guidelines. A focus on prevention interventions, including counseling, in recognition of the need to change high-risk sexual behaviors. Practical diagnostic algorithms that summarize key protocols and facilitate patient management. Detailed, easy-to-locate treatment tables that list specific drugs (generic and trade names), doses, and schedules. A thought-provoking final chapter that includes a brief discussion of the latest STD research, plus unresolved questions and future concerns. Useful appendices that include diagnostic protocols, treatment tables, and websites for further information. Authoritative, on-the-spot information you can quickly apply to your practice - without sifting through pages of data. An essential clinical companion for internists, family physicians, pediatricians, nurse practitioners, obstetricians-gynecologists, HIV care specialists, and...

Reviews

A top quality pdf and also the font applied was fascinating to learn. it was actually writtern extremely properly and valuable. I discovered this publication from my i and dad recommended this publication to find out.

-- Jan Schowalter

This publication is very gripping and interesting. We have go through and so i am confident that i am going to planning to read through yet again again in the foreseeable future. You are going to like how the blogger write this ebook.
