But the question is what does Corporate Social Responsibility really means and how isit implemented in German companies Expectations are growing as the public at largeand, increasingly, the financial markets want to know not just what a company doeswith its profits, but also how it earns them. This assignment examines first in what extend ethical aspects are an essentialcondition for the justification of Corporate Social Responsibility. Therefore the basicspects of CSR and the paradigms to ethics will be discussed in the first part. Afterwards before examining the situation of CSR in the German businesseslandscape, the main elements to build up a program focussing on social responsibilitywill be listed. Then with the insight of what drives a CSR program, the question how isit implemented in German...
