

Las ciudades de la Edad Media

Filesize: 1.98 MB

Reviews

It is one of my personal favorite publications. Indeed, it actually performs, still an amazing and interesting literature. It has been printed in an exceptionally easy way which is merely soon after I finished reading this book where it really altered me, changing the way I believe.

Ed. Alianza, 2001. soft. Book Condition: New. Aunque el transcurso de los años haya modificado parcialmente algunas de sus conclusiones, las investigaciones de HENRI PIRENNE (1862-1935) sobre la Edad Media europea continúan siendo punto de referencia indispensable para los historiadores actuales. Pirenne demuestra en LAS CIUDADES DE LA EDAD MEDIA que fue la expansión musulmana -que cerró el Mediterráneo al tráfico durante el siglo viii-, y no las invasiones germánicas, lo que dislocó la unidad económica creada por el imperio romano, dando origen al periodo de decadencia mercantil que tan graves consecuencias tendría para la vida urbana. Después de tocar fondo a finales del siglo ix, las rutas comerciales fueron revitalizándose con nuevas corrientes de civilización que se condensaron en los núcleos urbanos supervivientes, marcando este renacimiento el comienzo de una nueva era: frente al clero y la nobleza, la burguesía inicia su ascenso, que culminará en la época contemporánea.
