Reviews

Thorough manual for pdf lovers. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

Leicester Junction, Center Rutland, North Clarendon and East Wallingford, to correspond reasonably with the business at these stations, respectively, and comport modestly with present standards. A small depot should also be built at Healdville, where a box car is now used. The City of Rutland should have a modern union depot, corresponding to its commercial importance and size, as soon as the finances of the railroad company will warrant it, and the greater public demands of the road have been fairly met. The same may be said concerning the passenger depot at Bellows Falls. The criticisms of the previous Hoard could well be repeated at this time. The sanitary condition of this depot is extremely poor, and has continued to be about the worst in the State. The sanitary condition of the depots generally on the line is good and they are well kept. STATUTORY REQUIREMENTS. Standard and gibbet crossing signs, cattle guards and telltale warnings are in place where required by law. The road is fairly well fenced, switches, frogs and guard rails are properly blocked, and the roadway was being cut at the time of inspection. ST. JOHNSBURY and LAKE CHAMPLAIN RAILROAD. LINK OK ROAM. From Lunenburg to Maquam Hay, 120 miles, main line; and Victory Branch, from North Concord to East Haven, 11. 5 miles. Total line operated, 131. 5 miles. Sidings and yard track, 22. 62 miles.
