GREEN PLANET (PAPERBACK)

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Welcome to Green Planet! First of all, I would like to thank you for reading Green Planet. This is Prasun Barua, the Author of Green Planet. I am an Engineer (Electrical Electronic) and Member of the European Energy Centre (EEC). Green Planet is all about green technologies and science. The motivation of Green Planet is to create a green and healthy planet utilizing green technologies and science as well as our awareness. Green Planet contains various types of topics categorized to Green Energy, Green Technology, Green Products, Green Finance, Green IT, Green Jobs, Green Nature and Health. It will be a great pleasure if Green Planet keeps contribution in your daily life. Our planet has many significant contributions in our daily life. We are benefiting from our planet in various ways. Green nature is one of the great creations of our planet. For example, trees provide us oxygen, so that we can live. They also provide us fruit which contains various types of vitamins, minerals and nutrition. Vegetables are also a good source of vitamins, minerals and nutrition. These fruits and vegetables are essential for our health. They protect us from various types of diseases. Green forests protect us from many natural disasters. Green technologies and science are also very significant for us. We can generate power with the help of renewable energy resources like the ray of sun, force of air, water, biomass, internal heat of the earth and the tidal wave of the ocean. These technologies are called green technologies. They do not pollute our environment during generating power. They contribute us to reduce the emission of carbon. They are very environmentally friendly technologies indeed. Every day, we...
